MEMBER OF AMERICAN DAHLIA SOCIETY, DAHLIA SOCIETY OF OHIO

In presenting this our 1932 list of BETTER DAHLIAS, we wish to say that we prefer quality to quantity, "that is we prefer growing and listing such varieties as we find are dependable from year to year, to listing a large number of varieties some of which you might call tempermental."

We have eliminated a number of the older varieties and added a number of the newer ones which have done well for us.

This season we are listing only varieties which we have grown. If you wish any of the new varieties we can furnish them at the originator's price.

We harvested a very fine crop of roots the last season, which we are sure will give the best of results.

The roots we send our customers are FIELD GROWN and not forced, but properly grown to inre you strong plants and good blooms, (if given per care and cultivation).

.e green plants are properly grown, and hardend before being sent out. Full cultural directions with each order.

We wish to thank our many customers for their patronage, also for the many fine testimonials, asuring you we will do our utmost to merit your confidence and patronage, and assuring you all orders large and small will receive careful attention.

Yours for Better Dahlias.

WILL HOOKWAY.

INFORMATION

Order early to avoid disappointment as our stock of some varieties is limited.

Terms cash with order. All retail orders for roots amounting to \$1.00 or over are sent post paid. On orders for plants amounting to less than \$5.00 add 25c for special handling stamps. Plants will not be sent C. O. D.

Roots will be sent May 1st to 15th unless otherwise instructed. Plants May 15th to June 1st.

We guarantee all roots and plants true to name, to the extent of replacement with true stock, also their arrival in good growing condition.

Visitors are always welcome at OUR GARDENS, especially during the blooming season. We are located 3½ miles south of Creston, and one mile west of Route 3, on improved road.
